PRO-LIFE ROSARY MEDITATIONS

JOYFUL MYSTERIES

1. Mary conceives Life. Save those who don't choose it. Redeem them in Christ through the Blood of His innocence. Save the children. Faith makes both possible.
2. Mary helps Her cousin. Let us help those in need - mothers in crisis, children in danger. Prayer and penance. Mercy and good deeds.
3. LIFE is born into a world of sin bringing hope where there is only shame. May that hope, where Christ is found both in and around us, reach out to give hope where there is no hope, and save those who may lose their life.
4. Our Lady brings Her Child Jesus into the temple to present Him to the Lord and to offer sacrifice. Mothers bring their children into this 'Satan's temple' where they are presented as an offering to be sacrificed. Mary, may our prayers be lifted as candles before you to plead for change on behalf of life.
5. Our Lady lost Her Son through no fault of Her own. Mothers lose their children through abortion because they have lost their way. Mary, find them all, before it is too late.

SORROWFUL MYSTERIES

1. Our Lord is condemned to death. So are the children who die in abortion, though they too have done no wrong nor have we spoken any falsehood. Mary, by His agony, help mothers to know this.
2. Mary's Son is torn to pieces right before Her very eyes. Must She see this again and again? Mary, by Jesus scourging, grant that mothers may be able to see what will happen to their children, before they choose abortion.
3. Jesus suffers humiliation and rejection. Jesus suffers this in the crowning of thorns. Let us never judge and condemn those who have been guilty, thus driving them away to choose abortion through humiliation and rejection.
4. God carries the cross of a criminal. Two were condemned with Jesus to carry the cross along with Him. Today the condemned are both mother and child. Mary, change their lot, through Christ bearing His cross. Grant that both may be saved so they can give their life to Christ.
5. Jesus, You gave Your life to save us all. Your mercy is for the just and the unjust. "Father, forgive them for they know not what they do." All can be saved. Help us to be instruments of your mercy. Thank You, Jesus! We love You!

GLORIOUS MYSTERIES

1. The Resurrection is the hope of everlasting glory! O Jesus, by Your Resurrection, give to mothers the light and strength to begin again in the midst of their struggles. O Mary, obtain new life for mother and child.
2. The Ascension is our hope for a better world to come - a lasting home and family, where there is no sorrow nor suffering. Dear Jesus and Mary, let us help all to realize we must do everything we can to start this kind of family on earth, where no one is rejected.
3. Come Holy Spirit! Fill our hearts with love and understanding. Help us remember that we all have feelings, including God, including mother and child. In everything, let us consider them all. Do justice, forgetting no one.
4. Mary, Your eyes and Heart were lifted to Christ, Your Son, Whom You loved with Your whole Heart and Soul - more than Your own life. Penetrate the hearts of mothers and live in them, that they might love their child, seeing in them an image of God.
5. Jesus, You enveloped Your Mother with ineffable love, crowning Her with Glory and Gratitude: You in Her and She in You. May Your love for all mothers, seen in Your love for Mary, encourage them to return Your tender love by a tender love for You, manifested in their love for the newly conceived child in their womb.
